Mansfield PK-4 Google Apps Going Offline for the Summer Starting - June 30th For Students Going into Grade 4 and Students Going into Grade 5 for September 2014

To take care of some maintenance and reorganization we are going to take some of our Google student accounts off line for the summer. Accounts will be back online as students return in August.

Rest assured nothing in the accounts will be lost as we shuffle things around Students that participate in Mansfield summer programs that use Google Apps will be allowed to use their accounts.

Accounts will go dormant on Monday June 30 so any student who wants something from their Google Drive for the summer should download it before that date.

Questions and concerns can be directed to:

Steve Sokoloski
Mansfield PK-4 Technology Coordinator
